Session Overviews:

Industry workshops (Construction/Manufacturing)

These workshops explore the workers compensation and safety issues affecting high risk industries. Come along and hear how to reduce your claims and better manage your safety. Let WorkCover help you understand how the new Work Health and Safety Act will impact these industries and what the changes will be. Learn how WorkCover is targeting these high risk industries to drive down injury and illness.

Small to medium business workshop:

Hear about the occupational health and safety, workers compensation and injury management issues affecting small business in New South Wales. Let WorkCover help you to understand your new responsibilities leading up to the implementation of the new Work Health and Safety Act. Learn how to develop practical solutions to reduce the risk from workplace hazards and to improve workers compensation and injury management performance.

National Workplace Legislation:

This presentation will focus on the National Work Health and Safety Legislation. It will look at why the legislation is changing, a summary of the new model Work Health and Safety Act and its key provisions, key issues for NSW and what to expect in the lead up to the implementation date of 1 January 2012.
